Comment: _____

16. This training course will run Monday-Thursday for the first 7 weeks. It will then run Monday-Friday for the remainder of the course. Exceptions are for holiday weeks. A commitment to regular attendance is critical. Is there any reason that you would not be able to do this or find it difficult?

Yes _____ **No** _____

Comment: _____

17. This course is primarily computer-based and on an intensive schedule of 4-5 days a week, requiring long hours at a computer. Is there any reason that you would not be able to do this or find it difficult?

Yes _____ **No** _____

Comment: _____

18. The nature of geospatial technologies is the capability of application to many different kinds of problems. The path from determining questions to information that can lead to solutions is often not straightforward. Would you describe yourself as a person who enjoys problem-solving, particularly on a computer? (Check the one that best describes your answer.)

Absolutely! **Yes** **Sometimes** **No** **Absolutely not – Get frustrated!**

Comment: _____

19. What benefits do you anticipate from this training?

Notes:

1. Applicants lacking computer experience sufficient for success in the program are advised to take basic courses and reapply for session 2, beginning in February 2010.
2. Even if the applicant satisfies the overall admission requirements, acceptance is not automatic.

Please submit completed application to:

Greg Duncan at: Chico One-Stop 2445 Carmichael Drive Chico, CA 95928 Phone: 879-3810
